MILLERAND WINS FRENCH SUPPORT

Premier Millerand's bold stand on the question of government support has swung practically all the members of the chamber of deputies into line. The premier showed himself in no mood for trifling or hesitancy. If he hadn't the confidence of the chamber he wanted to know it. The decision several days ago when 300 deputies refrained from voting was only an aggravation. It decided nothing except that strong action was necessary one way or another.

So Millerand threw down the gauntlet to the dissenting members. They had objected to two of his appointees—Jules Steeg as minister of the interior and Jean Ogier as minister of liberated regions—but the premier declared that "if the chamber has thought for one moment that I would deprive myself of the services of any of the men whom I have chosen it has been badly mistaken and does not know me." He demanded another vote in order to find out just where he stood in the confidences of the body. This resulted in an overwhelming vote of confidence in which all the deputies took part.

Premier Millerand's announced foreign policy is equally vigorous. He charges Germany with having failed in several ways of fulfilling her part of the peace treaty but he said that she would be held to account to the last son. France will not give up her activities in Turkey, he said, and in Syria, though no policy of conquest would be pursued, justice must be maintained in that land and a good administration established.

Toward soviet Russia no definite plans could as yet be determined, but he promised that France would spare nothing in the endeavor to reach an accord without interfering with the internal affairs of the country. For Poland he professed the strongest ties of friendship; if she is attacked she can depend on the complete cooperation of France, he said.

He regretted that the United States had not ratified the peace treaty but he said that he had no "disquietude" concerning the final decision. Following these announcements the chamber gave the government another hearty vote of confidence.

INFLUENZA AND WEAK BLOOD

Run Down and Listless Condition May Make You a Target For The "Flu"

Because Blood is Probably Thin AT THIS TIME OF DANGER, TAKE PEPTO-MANGAN—IT BUILDS RICH, RED BLOOD

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza. Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan.

And if you did not think of this in time—if you are now recovering from a fight with influenza—your blood will need help for weeks after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it today. Pepto-Mangan is an effective blood builder that has had the endorsement of physicians for years. Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package. Advertisement.

For The Children.

Too much care cannot be exercised in selecting a cough remedy for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers.

BLACK IS EXONERATED IN REFORMATORY PROBE

Former Governor James D. Black is thoroughly exonerated in connection with irregularities at the state reformatory by the Richardson Legislative Investigating Committee, which is inspecting state institutions. The committee has made a thorough investigation of every transaction in which Gov. Black figured, and has found that he was not guilty of so much as an impropriety in any instance.

Mr. Black merely took advantage of the opportunity to buy supplies at cost thru the warden of the reformatory. He was able to produce checks showing payment for all supplies delivered to him from that institution. The committee will leave today for Eddyville, where it will investigate reports of irregularities at the prison there.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using Herbine. Take a dose on going to bed and see how fine you feel next day. Price 60c. Sold by Ohio Drug Company.

SUNDAY NEWS BANNED

Newspaper men in Spain are no longer required to work on Sundays. A royal order has been declared forbidding any paper being published or sold between noon Sunday and noon Monday, while press messages by telegraph or telephone are prohibited between six a. m., Sunday and six a. m., Monday.

Surgeons agree that in cases of cuts, burns, bruises and wounds the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Ohio County Drug Company.

Children Cry FOR FLETCHER'S CASTOR OIL

TO TUNNEL MT. BLANC

The governments of France and Italy are preparing to dig a tunnel under Mt. Blanc in order to form a direct connecting link between the two countries. The project has been under consideration for some time but not until lately was any provision made for actually beginning the work. Now France has appropriated 45,000,000 francs and Italy 40,000,000. Engineers have gone to Chamoin, in the French Alps, to look the ground over.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

WOMAN CABINET OFFICER?

A demand is to be made by the women of the country for a new cabinet position to be filled by a woman. They want a woman secretary of education, and they are going to demand of both the big political parties a plank favorable to the plan in the coming platforms. They argue that a woman would be better qualified for such a position than a man for the reason that she has the first care of the education of children and the selection of schools. Several women have succeeded as heads of colleges, and one of these, they say, would be ideal in charge of such a department. The old departments, like the war, navy, treasury and agriculture, are hardly considered as coming within a woman's sphere. The chances are that those offices will be filled by men for a long time to come, it is admitted.

Periodic Bilious Attacks.

Persons subject to periodic bilious attacks will observe that their appetite falls them just before an attack. That is, they do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat, then take two Chamberlain's Tablets the attack may be avoided.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

NATURE'S MIRROR

When a woman is well and healthy—there's a sparkle in her eyes, a rose tint in her cheeks, and she has rich red blood. There's elasticity in every movement and a spring in her step. Love comes to every woman who has bounding health—but when she is pallid, dull eyed, languid, she has no magnetism nor does she appeal to any man.

Such a change in feelings and looks!

After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable, contains no alcohol.

Druggists sell it in tablets or liquid. Send Dr. Pierce, Buffalo, N.Y., 10c for trial package.
